Summary

B.Tech Computer Science student with hands-on experience in full-stack web development, backend engineering, and cloud-based deployment. Proficient in C, Java, Python, and JavaScript with strong foundations in data structures and algorithms, object-oriented programming (OOP), and database management. Recognized as a GCP Arcade Facilitator who mentored 350+ students with an 80%+ certification completion rate. Seeking a software engineering internship to contribute to scalable, production-grade applications at a product-based company.

Education

Poornima University

B.Tech – Computer Science and Engineering | CGPA: 8.0

Jaipur, Rajasthan

Aug 2024 – Aug 2028

Tilak Public School

12th Standard – Science (PCM Stream) | 74%

Jaipur, Rajasthan

2023 – 2024

Technical Skills

Languages: C, Java, Python, JavaScript (ES6+), SQL

Web and Backend: HTML5, CSS3, Bootstrap, Tailwind CSS, Flask, Responsive Web Design

Databases: MySQL, MongoDB, CRUD Operations, Database Design, Query Optimization

Cloud and DevOps: GCP (Vertex AI, BigQuery, Cloud Run), AWS (Solutions Architecture), Docker (Fundamentals), CI/CD Pipelines, Linux, Netlify, PythonAnywhere

Tools: Git, GitHub, GitLab, Postman, Figma, Adobe XD, VS Code

Core CS: Data Structures and Algorithms (DSA), OOP, System Design, Operating Systems, Computer Networks, SDLC, Agile, Problem Solving, Debugging

Projects

Coffee and Notes – Full-Stack Web Application | Python, Flask, JavaScript, MySQL | [Live](#)

- Engineered a full-stack web application with user authentication, REST API integration, and optimized MySQL database queries, reducing server response time by 35%; deployed via a CI/CD pipeline on PythonAnywhere.
- Designed a responsive, mobile-first front-end across 3+ device breakpoints, supporting 10+ concurrent users with structured error handling and input validation.

School Management System – Console Application | C, File I/O, Data Structures | [GitHub](#)

- Developed a C-based console application to manage 500+ student records with full CRUD operations, file I/O, and modular code architecture, reducing manual record-processing time by 50%.
- Implemented input validation and error handling across 6+ modules, ensuring data integrity and achieving sub-second retrieval performance.

Personal Portfolio Website | HTML5, CSS3, JavaScript | [Live](#)

- Built and deployed a performance-optimized, responsive website achieving a 90+ Google Lighthouse score for performance, SEO, and accessibility across 4+ browsers.

Leadership and Experience

Campus Mantri – Technical Student Ambassador

Jan 2026 – Mar 2026

GeeksforGeeks

Jaipur, Rajasthan

- Competitively selected as an official GFG Campus Mantri to represent GeeksforGeeks at Poornima University and promote DSA, competitive programming, and software development initiatives on campus.

GCP Arcade Facilitator – Cohort 2

Jul 2025 – Oct 2025

Google Cloud, GDG On Campus – Poornima University

Jaipur, Rajasthan

- Mentored 350+ students through GCP learning tracks covering cloud infrastructure, data analytics, and AI/ML tools including Vertex AI and BigQuery, achieving an 80%+ certification completion rate.
- Conducted 10+ hands-on lab sessions over 4 months, driving a measurable increase in campus enrollment across GCP certification programs.

Achievements

110+ GCP Skill Badges (2025): Earned 110+ hands-on badges across cloud infrastructure, AI/ML, data engineering, and security on Google Cloud Platform – among the top learners in the GDG-On Campus cohort at Poornima University.

GCP Career Launchpad – AI Leader Track: Completed Google's AI/ML leadership program with expertise in LLM-based systems, Vertex AI, and prompt engineering on GCP.

AWS Solutions Architecture Simulation – Forage: Designed a fault-tolerant, scalable, and highly available cloud architecture for a simulated enterprise use case.

Certifications

Cloud and AI/ML: GCP Career Launchpad – AI Leader Track | GCP Generative AI Study Jams

Database: MongoDB Basics for Students – MongoDB University

Programming: Java Programming – GeeksforGeeks | C Programming – Infosys Springboard

Design: Figma Essentials for UI/UX Design – Udemy

Architecture: AWS Solutions Architecture Job Simulation – Forage
